The Exhibitor agrees to pay for the contracted booth space and furnishings whether actually occupied by a display or not, and which is subject to the rules outlined herewith and in the CIM Booth Space rental contract.

The booth space rental must be paid in full prior to the move-in date or the Exhibitor's crews will not be permitted to erect the display booth.

Should the Exhibitor relinquish his participation or be unable to participate in the EXPO, he will lose all entitlement to the reimbursement of the amounts paid no matter the impediment to his participation.

The Exhibitor agrees to abide by all the rules described herewith to which reference is made and which forms a part of the booth space contract, including local union and labor laws, provincial laws, and specific regulations and requirements issued by the venue.

Exhibitors may share with other companies but cannot sublet their space to others. Details of all Terms & Conditions can be found online at [The Exhibitor Resource Center](#)

6. Show Policies

Disabilities Act

All exhibiting companies are required to be in compliance with the Canadian Disabilities Act and are encouraged to be sensitive to attendees with disabilities.

Exhibitors' Demonstrations

Demonstration areas must be organized within the Exhibitor's space and must not interfere with aisle traffic. Demonstration tables must be placed at a minimum of 2'0" (60 cm) from the aisle line. Interference with normal aisle traffic flow or overflow into neighboring booths is prohibited. Each Exhibitor is responsible for ensuring proper traffic flow, and aisles should not be obstructed at any time.

Safety Precaution: Demonstrations involving potentially hazardous machines, displays or parts must incorporate hazard barriers to prevent accidental injury to visitors. Exhibitors must conform to any directive given by the Palais des Congrès Management.

Exhibitors are not permitted to place any type of materials outside their booth space area.

CIM Publications and printed matters produced by CIM are the only authorized publications to be distributed to Exhibitors' booths and designated areas of the show floor.

Solicitations

Exhibitor surveys must be confined to the Exhibitor's booth space. Floor solicitation and distribution of printed materials to other Exhibitors are not permitted unless authorized by CIM.

Removal of Show Items during Move-in or after Official Show Hours

Prior to removing any show item from the attended booths during show time or after show closing, the Exhibitors are required to inform the security and obtain a Materials Show Exit Voucher.

Show Security

CIM and the Palais des Congrès provide peripheral security on a 24-hour basis and are **not responsible for exhibitors' goods.**

Note: It is the responsibility of each Exhibitor to protect his materials from loss or damages. Exhibitors are urged to take every possible precaution to secure the easy-to-carry items at all times. All incidents should be reported to security and show management. If appropriate, law enforcement agencies will be called upon. Exhibitors should keep a copy of all documentation and inform their insurance companies in case claims are filed.

Exhibitor attendance to conference

All exhibiting staff can attend the conference sessions at no charge. Workshops and Field Trips are not included in this offer.

7. Move-In / Booth set-up schedule

Goodkey will manage an "Exhibitor's Move-in Log" regarding the move-in details of exhibitors' goods. This log will specify the date and time of receiving, number of pieces, gross weight, name of carrier and the handling method. As required, other specific information will be compiled. During move-in, weight scales will verify and certify declared shipment weight. Material handling/Drayage charges will be applied in accordance to the actual weight of a shipment. Any discrepancies between measured value and shipped value should be reported to the CIM Sales Manager.

Move-In Schedule:

Thursday, April 25, 2019: 7:00 – 18:00 (Heavy lifts & booths requiring Exhibitor Approved Contractors)

IMPORTANT

The freight address for the
Palais des Congrès from
April 25 to 27, 2019 is:

Montréal, Québec, H2Z 1H2**

Note: For security and insurance concerns no one under the age of 16 will be allowed in the exhibit area during move-in, booth set-up, dismantling and move-out.

8. Freight Forwarding (Transport) and Customs

CIM Show Management recommends the use of its official supplier Goodkey Show Services (GSS) for all shipments to the show.

Exhibitors using other carriers must ensure that these carriers coordinate their shipments with GSS to ensure optimal movement of goods on the truck access route during move-in and move-out.

Exhibitors who drop off their displays / equipment at the loading docks must do so in the designated area, advise Goodkey Show Services of their arrival and request onsite material handling if required.

NOTE: Exhibitors choosing to move their goods themselves from the loading area to their booth will have access to dollies at a cost. GSS rents such equipment on site upon availability.

In both cases, GSS will take note of the activity and charge the exhibitor accordingly.

Exhibitors using Goodkey Logistics will benefit from possible warehousing of their show materials for up to **30 days in advance** of the show move-in date (**April 1, 2019**). Show materials should be shipped to arrive at the warehouse no later than **April 18, 2019** at 3:30 pm. The Exhibitor's shipments will be delivered to the Palais des Congrès truck dock.

Prior to the move-in date, the Palais des Congrès will not accept advanced shipments.

Note: Regular transport companies do not deliver on Saturday or Sunday.

Cross-border Shipments

Inbound and outbound shipments will be transported door-to-door. Imported displays and/or promotional items belonging to foreign exhibitors will be bonded by the show organizers as per the show provisions of Canada Customs Memorandum # D8-1-2.

Non-palletized Shipments

Loose show material must be placed on wood pallets for forklift handling. Otherwise, the Exhibitors will be charged per 100lb weight.

Pallet Shipments

Skid and pallet shipments are the best way to handle your display material. Exhibit shipments must be sent "prepaid". Find out about the charges from the Official Transport Company for your inbound/outbound shipments.

The Palais des Congrès will not accept freight shipments before scheduled move-in times.

NO EXCEPTIONS.

Small Show Deliveries

Exhibitors sending small parcel deliveries can courier their shipments to the Palais des Congrès receiving dock address (not to the office) - Deliveries will be handled by Goodkey Show Services at the receiving dock only during the move-in days.

NOTE: There will be a minimum material handling fee for this service. Shipments arriving before move-in date will be returned to its owner. Again, to avoid any parcel loss, untimely deliveries, show management strongly recommends the Exhibitors use the official carrier.

For best handling, please coordinate your requirements with show officials as described on the Show Service Suppliers & Order forms.

Exhibitor Restrictions

Exhibitor's employees are prohibited to drive forklifts or use dollies, carts, power tools and other show equipment. For safety purposes only the official contractor is permitted to such work.

Booth ID Numbers

Booth ID numbers will be temporarily displayed and clearly visible during move-in and during the show. Appropriate signage will be placed by Goodkey.

Storage of Empty Containers & Crates

Goodkey is the exclusive supplier for on-site storage. All display containers and crates must be stored by Goodkey. The Exhibitor must establish plans to remove his crates and containers for storage. It is recommended that prior to move-in, the Exhibitors arrange through commercial agreement with Goodkey for the storage of their goods. Labels will be provided by Goodkey for proper identification of items. It is the Exhibitors responsibility to ensure his goods are properly identified with the appropriate labels. The containers and crates will be returned by Goodkey for move-out at the show closing time. It will take at least two hours to deliver all the empties. All arrangements must be made via Goodkey show services.

Storage within the Booth Space

Fire regulations in most Exhibit Facilities prohibit storing empty carton containers or packing materials behind back drapes. In most cases, however, Exhibitors may store a limited supply of literature or small display containers within their booth area, so long as these items do not impede access to utility services, create a safety problem or look unsightly.

Exhibitors Contractors

Exhibitors may elect to perform the following show services themselves or outsource it to specialized show contractors of their choice:

- Freight shipments
- Assembly and dismantling of Exhibitors' large Exhibit display
 - Note that hauling and lifting of oversized parts and machinery is an exclusive service performed ONLY by the Palais des Congrès.

If large display booths of over 400 sq. ft / 55.74 m2 will be used the Exhibitors are required to submit a "[Work Authorization](#)" form and obtain CIM EXPO work confirmation, 45 days prior to move-in.

The Exhibitors sub-contractors must coordinate their work with Show management to ensure timely execution as not to interfere with the show logistics. **It is the Exhibitors responsibility to inform his contractors of all show rules and regulations, and ensure that they adhere to them as well as to the venue's policies and all applicable laws.**

Exhibitors' sub-contractors are required to submit proof of workers' compensation. In addition, they must have property damage and liability insurance coverage. They must submit the Certificate of Insurance for a combined single limit of \$1 million bodily injury and property damage and/or \$1 million general aggregate with a \$1 million per occurrence limit. It is the Exhibitor's responsibility to submit this certificate with his "Exhibitor Approved Contractor" form.

- The Exhibitors' appointed show contractors:
 - a. Will coordinate the Exhibitors' show work with CIM management.
 - b. Will not solicit business on the show floor.
 - c. Will comply fully with CIM EXPO the move-in and move-out schedule.
 - d. Will work harmoniously with CIM's official show decorator. Any issues should be immediately brought to the attention of show management.
- Show contractors' work staff must pick-up their Work Badge from security.

Aisle Carpeting

Installation of aisle carpeting will commence at 5:00PM (17:00) on Saturday. Exhibitors who are still assembling their booths must have made arrangements for removal of their empty crates from the aisles before this time. Any additional labor costs incurred due to this negligence will be charged to the exhibitor in default.

9. Material Handling & Drayage

The handling of exhibit materials is one of the most misunderstood procedures in the show industry. Every venue provides unique challenges and instructions to ensure proper and timely flow of materials while minimizing risk and maximizing safety for all concerned.

Drayage or material handling is the physical displacement of show materials from point of receipt at the venues docks or off-loading material from a vehicle, moving and storing empty crates, taking materials to the booth and re-loading at the end of the show.

Goodkey Show Services has been mandated as the official material handling contractor. These services at the exhibitor's expense are charged per hundred pounds weight with a minimum handling fee.

Strategies to keep your costs down & our event greener!

Don't bring more brochures than you need. Brochures are very expensive to produce and their weight often represents a few hundred dollars in transportation and material drayage.

Due to limited space and availability of loading docks, we strongly encourage exhibitors to arrange all their logistic requirements ahead of time, with Goodkey Show Services.

Heavy and Large items

For heavy pieces exceeding **1000lbs or 300 lbs/ft²** and/or for large exhibits, please complete and submit the following [Work Authorization Form](#).

11. Outbound Operations' Instructions

Show Closure Announcement

Exhibits must remain staffed and intact during the show and may not be dismantled or removed before the show officially ends. **Exhibitors failing to abide by this rule will lose all accrued priority points and may be disqualified from exhibiting at future CIM EXPO**

Aisle Carpeting Removal

At the announcement of show closure at 5:00 PM (17h00) on Tuesday, the show decorators will be removing the aisle carpeting. Exhibitors must ensure that no materials from their booths impede this activity.

Booth Dismantling

Exhibitors are requested not to leave their booth unattended during move-out operations. Dismantling and packing should start immediately after show closing. Exhibitors using Goodkey's show services to move out show material, should check with the material-handling supervisor for labeling and shipping waybills prior to departure from the exhibit hall.

Move-out Priority Schedule

The move-out schedule is a reverse order of the move-in schedule.

1. Exhibitors with hand-carried display are the first group to move out, provided they do not use the truck dock facilities.
2. Exhibitors with light displays are the second group to move out, provided they are ready to move within the assigned period.
3. Exhibitors with heavy displays are the third group to move out, provided they are ready to move within the assigned period.
4. Exhibitors with heavy equipment and machinery are the last group to move out on Wednesday and must report punctually per the designated schedule. The Palais des Congrès penalties for late departure will be borne by the exhibitor should delays be caused.

Forced Freight

Take note that any material left on the show floor, at 2:00PM (14h00) PDT, on Wednesday, will be picked up by the **Goodkey Logistics** and charged by same to the exhibitor. Significant weights can be back charged.

Move-out Waste

The official contractor will dispose of all garbage at the Exhibitor's expense. The Palais des Congrès has instituted an aggressive waste reduction program to reduce landfill and to recycle whenever possible.

Move-out Dock Procedures

Trucks as well as all other vehicles will be staged in the truck holding area. **NO TRUCK WILL BE ALLOWED TO BE PARKED IN THE LOADING DOCK AREA UNTIL THE OUTBOUND SHIPMENT IS ON THE DOCK AND READY TO BE MOVED.** During move-out, no vehicle will be called to the dock until the Exhibitor's materials are packed and ready for loading. Exhibitors must first report to the freight service desk at the loading dock during move-out hours for positioning and instructions before proceeding to the loading docks.

Outbound Freight

Once again, CIM show management strongly encourages Exhibitors to use the official carrier to facilitate the move-out.

Exhibitors using Goodkey will receive move-out instructions on Tuesday morning.

Exhibitors making their own arrangements should contact their designated carriers to coordinate the pick-up of their materials from the Palais des Congrès.

The following documents and services can be obtained from the Exhibitor service counter: bills of lading, shipping labels, assistance in dismantling and forklift services.

Late Booth Dismantling

Booths left unattended after the 4-hour move-out period will be dismantled by CIM's display contractor, removed from show site and stored at the exhibitor's expense.

12. Display Guidelines

TYPE "A" - STANDARD IN-LINE BOOTHS

One or more standard units in a straight line, 8' (2.44 m) maximum in height. Exhibit fixtures and identification signs will be permitted to a maximum height of 12'0" (3.66 m). All display fixtures over 4'0" (1.22 m) in height and placed within 10 lineal feet (3.05 m) of an adjoining exhibit must be confined to that area of the exhibitor's space that is within 5'0" (1.52 m) of the aisle line (back half of booth). In some cases, a split-side drape may be required to mask the display edge.

TYPE "B" - CORNER BOOTHS

One or more spaces back-to-back with two aisles, 8' (2.44 m) maximum in height. Exhibit fixtures and identification signs will be permitted to a maximum height of 12'0" (3.66 m). All display fixtures over 4'0" (1.22 m) in height and placed within 10 lineal feet (3.05 m) of an adjoining exhibit must be confined to that area of the exhibitor's space that is within 5'0" (1.52 m) of the aisle line (back half of booth). In some cases, 2'0" (60 cm) of masking drape sidewall may be required for esthetics.

TYPE "C" - PERIMETER WALL BOOTHS

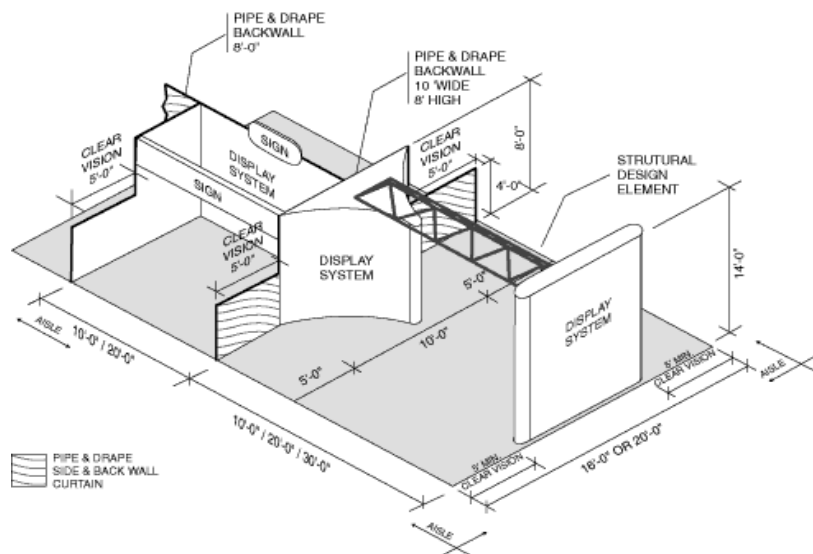

Standard booth located on the outer perimeter wall of the exhibit floor. Exhibit fixtures, components and identification signs will be permitted to a maximum height of 12'0" (3.66 m). All display fixtures over 4'0" (1.22 m) in height and placed within 10 lineal feet (3.05 m) of an adjoining exhibit must be confined to that area of the exhibitor's space that is within 5'0" (1.52 m) of the aisle line (back half of booth). In some cases, a split-side drape may be required to mask the display edge.

All booths will be confined to a maximum height of 8' (2.44 m). Because outer perimeter booths are not backed against another booth, back walls and materials over 8' (2.44 m) will not interfere with or distract from other booths.

TYPE "D" - PENINSULA BOOTHS

Four outside corner spaces back-to-back with three aisles, 8' (2.44 m) in height. Exhibit fixtures and identification signs will be permitted to a maximum height of 12'0" (3.66 m). All display fixtures over 4'0" (1.22 m) in height and placed within 10 lineal feet (3.05 m) of an adjoining exhibit must be confined to that area of the exhibitor's space that is within 5'0" (1.52 m) of the aisle line (back half of booth), on both sides. **CLEAR VISION MUST BE MAINTAINED.** Back wall is limited to 10'0" wide by 8'0" high for modular display systems (see drawings, Type D1 or D2). 15'0" maximum height for mobile equipment.

TYPE "E" - ISLAND BOOTH

Exhibit with one or more display levels in four or more standard units with aisles on all four sides. Exhibit fixtures, components and identification signs will be permitted to a maximum height of 14'0" (4.27 m) provided written approval is received from exposition management at least 60 days prior to the show. Because an island booth is automatically separated by the width of an aisle from all neighboring exhibits, full use of the floor plan is permitted. 15'0" maximum height for mobile equipment.

Note: Full width 8' high back walls ARE NOT PERMITTED. 5' CLEAR VISION MUST BE MAINTAINED ON EITHER SIDE, see drawing.

Approval of Irregular Booth Displays

Booth types A, B and C with a background height of 8-ft (2.44 m) or less does not require approval. However, they must be erected with safety in mind and without damaging the Exhibit floor, walls or other surfaces.

Booth Type E "Island" with a background height exceeding 8-ft (2.44 m) **must have prior approval from the CIM Sales Manager**. Requests must be forwarded with full scale detailed drawings. Failure to obtain Director's approval may result in modification of the display system at site.

13. Floor Loading Capacity

No flammable fluids or substances may be used or shown in exhibits.
